

BKT Series...

Remaco BKT-508 and BKT-510 Plasma / LCD TV brackets are designed stylishly with ease of installation in mind. Their universal design fits most Plasma / LCD TV Panels from diagonal 30" to 50".**

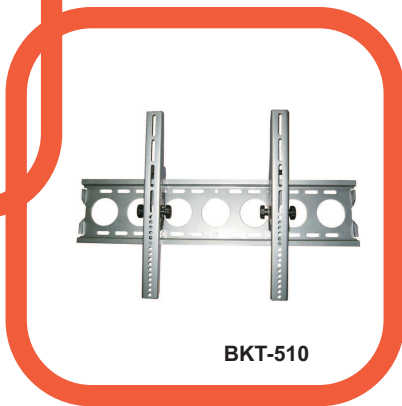

The display Panel can be tilted at an angle up to 13 degree and can be slid horizontally to suit your requirement. Safety stopper to secure twin arm onto wall plate. Easy as that, no more hassle!!

BKT-508
